

No plastic  
No floral foam

*Natural meadow-style  
funeral flower arrangements  
from The Posy Patch*

*“We were over the moon with the floral display Lynne supplied for my Dad’s funeral. They were the perfect rustic style for my Dad as he loved his garden, and Lynne used his favourite colours in the arrangement. We had so many lovely comments about the flowers and how they had such a personal touch.”*

At **The Posy Patch** we are aware that there is a growing concern about the disposal of plastic. ***We are delighted to be able to offer these arrangements which contain no plastic or floral foam.*** No two arrangements are the same and combine flowers and at least three types of different foliage in a natural, meadow style. In the summer months we grow and arrange British flowers, whenever possible, in order to reduce the air miles associated with imported flowers.

**The Posy Patch** flowers are a natural choice for any funeral and are perfectly suited to woodland burials. Some burial sites will only allow fresh flowers and do not permit containers, floral foam or plastic. We don’t use plastic or floral foam in any of the arrangements, and can use natural twine rather than wire so they are 100% biodegradable and will disappear into the earth over time, if required. We don’t use gerberas, orchids, anthuriums or any other flowers that wouldn’t flourish naturally in an English garden.

These arrangements are created using several different varieties of flowers and foliage to create a natural, relaxed design. Our aim is to provide the perfect floral arrangement for your loved one, using locally sourced and British grown flowers. These natural, meadow-style arrangements are perfect for anyone looking for an alternative to the traditional formal style of funeral flowers.

We realise that making decisions about funeral flowers is especially difficult and aim to work with you to create unique floral arrangements which are personal and appropriate to your loved one. Because of the bespoke nature of the arrangements, we do require two working days’ notice.

Most of the arrangements in this brochure are shown in more than one colour scheme to illustrate how colour choices are applied to a design. If you would like a particular colour choice for your arrangement, we can usually accommodate your wishes, but this will depend on the types of seasonal flowers available at that particular time of year.

Winter

# Modular coffin flowers

£70 per section

*These arrangements are designed to fill the length of the coffin but are created from four separate sections and use **no plastic or floral foam**. It is constructed so that the separate sections can be taken home by different family members. This arrangement was created in December and the seasonal flowers and foliage were supplemented with hydrangeas, holly and tree ivy picked from the family's garden. During the ceremony, one section was left on the coffin and the other three were used to decorate the altar.*

*We love the longevity and versatility of this design and the fact that the flowers can be enjoyed beyond the funeral.*

*These flowers can be ordered in either three or four sections. Each of the individual sections is approximately 50 cm in length. When three sections are combined to look like one seamless arrangement, the total length is 120cm. When four sections are combined to look like one seamless arrangement, the total length is 160cm.*

Spring

# Modular coffin flowers

£70 per section

6

7

Pink

*Before we add any flowers to our arrangements, the base is completely covered with at least three different types of foliage.*

# Modular coffin flowers

£70 per section

## Yellow and Orange

# Coffin Blankets

£155 for 120cm • £195 for 150cm

*Our coffin blankets are a beautiful alternative to the traditional double-ended spray. We produce our blankets to a length of 120cm or 150cm.*

*We use seasonal flowers and at least three different types of foliage to create a natural, meadow-style design which contains no plastic or floral foam.*

## White and Green

*As is usual with our coffin blankets, this white and green arrangement uses over 200 stems of foliage and flowers. The particular stem mix in this arrangement is 50 beech, 30 forsythia, 15 choisya, 20 nicotiana, 7 phlox,*

*9 hydrangeas, 6 antirrhinum, 15 dill, 9 euonymus, 15 scabiosa, 15 sweet peas, 3 valerian, 15 daucus carota, 10 gaura, 20 ammi majus, 5 euphorbia oblongata*

# Coffin Blankets

£155 for 120cm • £195 for 150cm

## Purple (May)

# Coffin Blankets

£155 for 120cm • £195 for 150cm

**Summer Brights**

**Muted**

**Purple (Summer)**

**Red and Green**

*As all of our arrangements use seasonally available flowers, the mix of flowers and foliage used will depend on the time of year.*

# Coffin Blankets

£155 for 120cm • £195 for 150cm

**Mixed Summer**

**Blue and White**

**Soft Pink**

**Yellow Spring**

*As all of our arrangements use seasonally available flowers, the mix of flowers and foliage used will depend on the time of year.*

# Coffin Blankets

£155 for 120cm • £195 for 150cm

Winter Foliage

# Smaller designs

## Double-ended spray 100cm £95

*If you require something a little smaller than our coffin blankets or seamless modular arrangements, we also do 100cm double-ended sprays. These contain at least three different types of foliage, together with a selection of seasonal flowers.*

## Flower filled heart £75

*For a less floral arrangement, the blue and green heart is filled with eryngium, hypericum and viburnum berries.*

*The pale pink heart is filled with roses, apple blossom geraniums and sweet williams. The foliage includes fuschia leaves, euphorbia oblongta and privot.*

18

Raffia tied  
flower sheaf  
£59

Purple

*As all of our arrangements use seasonal flowers, the look and feel of these funeral sheafs changes throughout the year, depending on the types of flowers and foliage available.*

White
